

Honors Social Justice in Medicine Reading Plan

What book did you choose/get assigned?			
How many chapters is it?		How many pages is it?	

While you read you will need to track a couple things in the book.

How do you plan to track interesting information?	
How do you plan to track the scientific studies/research referenced in the book?	
How do you plan to track when/how the author inserts their own bias into the book?	
How do you plan to track information that you want to learn more about after finishing the book?	
How do you plan to track things that the class should know about your book if they have not read it?	

There will be 4 checks throughout the semester to help keep you on track. You need to tell me your plan for all 4 NOW so I can help keep you accountable.

Check #2 (This will be due _____ - For Quarter 1 Report Cards)			
What chapters (or partial chapters) will you have read?		What pages will you have read?	
How do you plan to show me that you have accomplished this goal?			

Check #3 (This will be due _____ - For progress reports)			
What chapters (or partial chapters) will you have read?		What pages will you have read?	
How do you plan to show me that you have accomplished this goal?			
Check #4 (This will be due _____ - For book discussion and finals)			
What chapters (or partial chapters) will you have read? (Hint: this should be the end)		What pages will you have read? (Hint: this should be the end)	
How do you plan to show me that you have accomplished this goal?			

Last couple questions. Answer them now.

What made you interested in this book?	
What are you hoping to learn from reading it?	
Do you think it is important to look at the cross section of social justice and science? Explain.
